Hampton, at Hampton, Friday, November 5.

Shaw, at Howard, November 13.

Hampton, at Howard, November 20.

Lincoln, at Howard, Thanksgiving Day.

These teams comprise what might be called the "Big Four," comprising Howard, Hampton, Lincoln and Shaw, and are undoubtedly the strongest teams among the colored colleges.

A training table has been instituted at Howard University for the team, which has proved a great benefit, and the team on the whole is in excellent condition, and much may be expected when it meets the other teams.

Howard played at Hampton yesterday, full account of which game will appear next week.

Howard also plays Virginia Union University at Washington on November 30.

MR. ISAIAH MITCHELL

Mr. Isaiah Mitchell, formerly of this city, but now a resident of Denver, Col., has returned to the city probably to remain. Mr. Mitchell left this city for the West some thirty years ago, and took up his home in the West, where he accumulated considerable property. He is well known among his Washington friends who were more than pleased to welcome him back to the land of his boyhood and palmy days when his name was a household word.

When Mr. Mitchell left Denver, Col., last Sunday he experienced a stormy time. He purchased a first-class ticket from Denver, Col. to this city and all went well until he reached Chicago, Ill., to board a train for this city. A colored porter endeavored to force him into a second-class coach very soon after he left Chicago, but when the colored porter found out that Mr. Mitchell knew that he had Western blood in his veins, he was let alone for a time and told his tale of woe to the white conductor, who ventured to some authority by requesting Mr. Mitchell to go into a second-class coach. He also was given a severe rebuke by Mr. Mitchell and defied the conductor to weigh the weight of his hand upon him. When this conductor was told what the consequences would be if he (Mitchell) was disturbed there was no further trouble and Mr. Mitchell arrived in this city Monday night safe and sound and greeted his wife and children who are the pride of his home.

on the second 20 miles, leaving but 12 miles to be walked on the third and last day, which he did, and had one hour and twenty minutes to his credit, having walked the fifty miles in 18 hours and forty minutes. Major Lynch stated also that the surgeons who examined him before and after the test could find no serious disability. The major is much pleased over his success.

#### ROGER WATTS.

Former Washington Boy Forging to The Front Out West.

A special from Seattle, Wash., to the Tacoma Daily Ledger, of the same State has the following concerning Roger Watts, a former Washington, D. C. boy who went West two years ago:

Visitors equal in number to the population of Tacoma, have been instructed and entertained by the lectures on Tacoma and Pierce County and Mt. Tacoma for the past four and a half months without a moment's let up. Let it be said to the lasting credit of Commissioner Macleay, Booster C. H. Purdy, Roger W. Watts, James R. Williams and other able assistants that never before have so many people been interested in and attracted to Tacoma. The Pierce County and Tacoma booth and lecture hall at the A. Y. P. have been a center of attraction, conspicuous as a generator of enthusiasm, which ran at white heat from opening day till the gates swung on their hinges tonight to close the fair.

The lectures were delivered by Commissioner Macleay and Roger W. Watts with no less signal success.

#### SUPREME COURT DENIES PETITION IN CASE OF JAMES F. PHIPP.

The Supreme Court of the United States today denied a petition for a rehearing of the contempt case against Sheriff James F. Phipp, Deputy Jeremiah Gibson, and Williams, Nolan, Padgett, and Mayse, and directed that these men be brought to Washington for sentence on November 15.

The six men were found guilty of contempt of the Supreme Court in conspiring to lynch Ed Johnson, a Negro, at Chattanooga, Tenn., March 19, 1906. They were adjudged guilty on the last day of the 1908 term of the Supreme Court, but were granted a stay pending petition for rehearing.

At the time Johnson was lynched an appeal of his case was pending. The date of his execution had been set, but the Supreme Court granted him a stay of ten days. On the night before the date originally set for the hanging, a mob of more than 100 men broke into the jail, took the Negro to the bridge over the Tennessee River, hanged him to a girder, and riddled his body with bullets.

The Department of Justice immediately investigated the lynching, and as a result the sheriff, his deputy and twenty-six alleged members of the mob were arrested on Federal warrants. The Supreme Court had a commissioner to take testimony, and upon his report all were dismissed except the sheriff, his deputy, and the four others named. They have been cut on bail ever since.

#### MAJOR LYNCH WRITES REGARDING HIS WALKING TEST

Maj. John R. Lynch, paymaster in the U. S. A., and now on duty in San Francisco, writing to his sister, states he took the fifty-mile walking test the second week in September. On the first day he walked 18 miles,

MAJOR JOHN R. LYNCH, Walks the Fifty Miles Test.

on the second 20 miles, leaving but 12 miles to be walked on the third and last day, which he did, and had one hour and twenty minutes to his credit, having walked the fifty miles in 18 hours and forty minutes. Major Lynch stated also that the surgeons who examined him before and after the test could find no serious disability. The major is much pleased over his success.

Our only reason for making such reductions is the fact that some of these designs have been discontinued by the factories, which must bring out new designs each year, and some of the pieces show slight traces of having been on our show floors. We believe we will benefit our customers more by offering these reductions now, rather than wait until trade is duller.
